There is always someone for each of us, they say
           G        Bm            C             D
And you'll be my someone forever and a day.
         Em                        C         D      C       Bm
I could search the whole world over, until my life is through
C      G          C       D7             G     C    G
But I know I'll never find another you.

       Bridge:
       D      Em          C              G     C       G
 ||:   It's a long, long journey, so stay by my side
       D        Em                  D               C       G        C        D7
       When I walk through the storm, you'll be my guide, be my guide

         G            C             A7                   D7
If they gave me a fortune, my pleasure would be small.
         G            Bm            C                  D
I could lose it all tomorrow, and never mind at all.
       Em                  C             D            C          Bm
But if I should lose your love, dear, I don't know what I'd do
C      G          C       D7             G     C    G
For I know I'll never find another you.          :||
